# Upgrading OSM

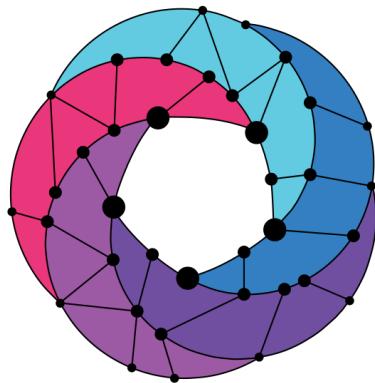

- Wiki page:
  - [https://osm.etsi.org/wikipub/index.php/How\\_to\\_upgrade\\_the\\_OSM\\_Platform](https://osm.etsi.org/wikipub/index.php/How_to_upgrade_the_OSM_Platform)
- Different ways to upgrade OSM through the installer:
  - OSM platform as a whole
    - ./install\_osm.sh
  - OSM add-ons (elk\_stack, pm\_stack, vimemu)
    - ./install\_osm.sh -o elk\_stack
  - OSM components
    - ./install\_osm.sh -m RO
    - ./install\_osm.sh -m RO -b master
    - ./install\_osm.sh -m RO -b tags/v4.0.0
  - OSM component from cloned repo

# Upgrading RO to use latest code

- wget [https://osm-download.etsi.org/ftp/osm-4.0-four/install\\_osm.sh](https://osm-download.etsi.org/ftp/osm-4.0-four/install_osm.sh)
- chmod +x install\_osm.sh
- ./install\_osm.sh -m RO -b master
