 - Please create a dedicated thread for each issue

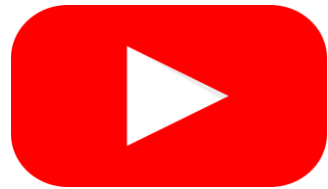

HIVE

Hub for Interoperability and Validation at ETSI

VPN Client-to-Site Request

- We are providing a lab environment for the hands on sessions
 - By now, you should have a VPN connection to HIVE
 - If you filed a request but never got a response, check your spam folder!!
 - Tenants will be allocated during the next sessions
 - Access will be removed at the end of the hackfest

- You can follow Open Source MANO and this hackfest on:
 - <https://twitter.com/OpenSourceMANO>
 - <https://www.linkedin.com/company/open-source-mano>
 - <https://www.youtube.com/c/OpenSourceMANO>
- Share your thoughts, impressions, pictures or screenshots on social media, blog posts...
 - mentions are welcome!

@OpenSourceMANO #OSMMR9hackfest

At the end of the week ...

- A **satisfaction survey** will be circulated
 - Please take 2 minutes to reply and leave us comments
 - Your feedback is precious!
- **e-certificates of participation** will be sent to participants who complete the week
- And .. if you liked the OSM experience.. **stay with us!**
 - join the OSM community <https://osm.etsi.org/about/how-to-join>
 - and register for the [OSM#10 Hackfest](#) Nov 30 - Dec 4 2020
